

Paper Presentation Recognition

In the Technical Session:

Motion Control, Robotics and Mechatronics III

Paper Title:

Dynamic Voltage and Frequency Scaling (DVFS) Strategy for FPGA-Based Edge AI Inference
presented to

Qianyue Wang

At the 34th IEEE International Symposium on Industrial Electronics (ISIE 2025)

Toronto, Ontario, Canada

June 20-23, 2025

Sheldon Williamson
General Co-Chair

Kamal Al-Haddad
General Co-Chair

Luis Gomes
Technical Program Co-Chair

Milos Manic
IES President &
General Co-Chair
